## To Dyspeptics.

The most common signs of Dyspepsia, or Indigestion, are an oppression at the stomach, nausea, flatulence, water-brash, heart-burn, vomiting, loss of appetite, and constipation. Dyspeptic patients suffer untold misery, bodily and mental. They should stimulate the digestion, and secure regular daily action of the bowels, by the use of moderate doses of:

## Ayer's Pills.

After the bowels are regulated, one of these pills, taken each day after dinner, is usually all that is required to complete the cure.

Ayer's Pills are sugar-coated and purely vegetable—a pleasant, entirely safe, and reliable medicine for the cure of all disorders of the stomach and bowels. They are the best of all purgatives for family use.
